Building upon foundational programming skills acquired during my master's degree at The University of York, I took a decisive step to advance my expertise in the dynamic field of front-end development. Eager to contribute my acquired knowledge and hands-on experience, I have honed my proficiency in creating responsive and visually appealing user interfaces. I am excited about the opportunity to leverage my skills and academic foundation to drive innovation and elevate user interfaces in a professional setting. My goal is to bring a fresh perspective and contribute proactively to the success of forward-thinking projects.
